## ENDEAVOR TO FIND OUT CHOICE

La Follette Leaders in State  
Ask "Which? Roosevelt or  
La Follette?"

WOODROW WILSON LEAGUE  
SELECTING DELEGATES

Northern Politicians Seek to  
Agree With Southern  
Californians

SAN FRANCISCO, Feb. 24.—Of  
ficials of the La Follette League of  
California which recently switched  
from Senator La Follette to Theodore  
Roosevelt, is sending blanks to all the  
League members asking them to ex  
press their preference between Roose  
velt and La Follette. It is believed  
this is being done to determine whether  
the members agree on their leaders'  
action in going over to Roosevelt.

57 REASONS FOR COLONEL  
ROOSEVELT'S CANDIDACY  
PASADENA, Feb. 24.—H. J. Heinze,  
a manufacturer, in an interview  
quoted fifty-seven reasons why  
Theodore Roosevelt is the logical  
presidential candidate.

WILSON LEAGUE IN EFFORT  
TO SELECT DELEGATES  
SACRAMENTO, Feb. 24.—Prepared  
to name Progressive delegates to re  
present Northern California in the  
Baltimore convention and to endorse  
Southern California selections, the  
Woodrow Wilson League is meeting  
here. Preliminary discussions among  
the leaders occupied the morning.  
The conferees include J. O. Davis  
of Berkeley, J. J. Scott of Sacramento,  
State Senators Caminetti, Cartwright,  
Holahan, Campbell and Shanahan.  
Loren Handberg of Los Angeles is here.  
An effort is being made to prepare a  
ticket for circulation on Friday. The  
League has invited Senator Gore of  
Oklahoma to speak in California for  
Wilson.

## THINKS DAVIS DID THE WORK

ANAHEIM, Feb. 24.—Sheriff Rud  
dock has asked the officers through  
out the state for the arrest of Bill  
Davis, son of a well-known farmer of  
the peatlands district, on a felony  
charge. With instructions is a de  
scription of the man, with a photo  
graph. He is suspected of being leader  
of the recent Newport bank rob  
bery. He is also suspected of the rob  
bery of the Belmont Cafe and Hart's  
saloon here. In fact he is believed to  
be the leader of all the large robbery  
jobs in this county recently. He was  
convicted of robbery in the Northern  
part of the state and served seven  
years in San Quentin prison for this  
crime. As soon as he was released  
the big robbery jobs commenced in  
this county. Davis and his pal were  
seen in Los Angeles lately and of  
ficials state that after learning that  
Davis was in this vicinity they ex  
pected another robbery would be at  
tempted, and it was only a few evenings  
until the Newport Bank was rob  
bed, and \$3000 taken.

McWATERS QUARTETTE  
AT FIRST M. E. CHURCH

The McWaters quartette of evan  
gelists and singers are conducting  
splendid evangelistic meetings at the  
First Methodist Episcopal church,  
the meetings beginning last night.  
Everyone is invited.  
This quartette has a high reputa  
tion and have just come from Panama  
where they held a series of their  
meetings to be given in a tour around  
the world. Their singing and preach  
ing are both high class.

FRESNO DOLLAR GAS

FRESNO, Feb. 24.—Fresno is to  
pay \$1 a thousand feet for its gas,  
the city council having passed an or  
dinance fixing this as the price. It  
is in a way a compromise with the  
Pacific Gas and Electric Company  
after negotiations that have been  
carried on for several months for a  
reduction from the present rate of  
\$1.50. The company has agreed not  
to fight the dollar rate and the city  
will not enforce it until October 1,  
next.

## Kidnaps Wife And Baby—Sped Away to Hills

LOS ANGELES, Feb. 24.—After  
skulking in the Santa Monica  
hills for six weeks following an  
alleged attempt to murder his  
wife, Trabisio Gonzales, a ranch  
hand, returned to his home near  
Lankershim, bound and gagged his  
wife, then threw her and their  
sick baby into a light wagon  
and galloped toward the hills.  
A score of police and a  
dozen deputies are scouring the  
hills.  
Gonzales fled to the hills after  
a warrant had been issued for  
his arrest, charging him with  
an attempt at murder. He  
has a lair which the officers have  
been unable to find.

CASHIER DIED IN  
JAIL, AS HE WAITED  
ON APPEAL ACTION

SAN FRANCISCO, Feb. 24.—Wil  
liam B. Nash, convicted cashier of the  
defunct Market Street Bank, died to  
day in the county jail, where he was  
confined pending an appeal from a  
five years sentence in San Quentin  
for falsifying a report to the state  
bank examiner. Permission to go  
home to die came too late.

WOMAN REPUDIATES  
CONFESSION OF MURDER

NEW YORK, Feb. 24.—Repudiation  
of the confession in which she admitted  
responsibility for the death of  
eight infants in the Brooklyn nursery  
by oxalic acid poisoning, made yester  
day by Winifred Ankens, a hospital  
tenant. In asserting that her con  
fession is false from beginning to end  
the woman charged that the state  
ment was extorted by the bullying  
tactics of Detective James Kirby.  
In the alleged confession the woman was  
made to say that she killed infants  
by putting oxalic acid in milk. The  
confession was repudiated when a  
formal murder complaint was lodged.

As We Speak It

A German who had come to Amer  
ica to master our language was being  
shown behind the scenes of a vaude  
ville theater by one of his American  
friends.  
"That man," said the American, in  
dicating an actor with a wave of his

## ITALIAN GUNS REAL ALARM OVER BOMBARDED BEIRUT

Hundreds Injured and Sixty  
Killed With Considerable  
Property Loss

SMALL TURK GUNBOATS  
SUNK DURING SHELLING

No Europeans or Americans  
Reported as Injured or  
Legations Harmed

LONDON, Feb. 24.—Hundreds were  
injured in the Beirut bombardment,  
according to a Reuter dispatch which  
confirms the report that sixty are  
dead. The customs house and several  
other buildings were damaged. Sev  
eral small Turkish gunboats were  
sunk. There was no mention of in  
juries to Europeans or Americans.  
LONDON, Feb. 24.—Beirut dis  
patches say that three Italian war  
ships began the bombardment of Bey  
rut at noon today. Shells burst  
throughout the city. Many have  
been killed and injured. The people  
are in a panic and are fleeing from  
the city.  
The gravest fears are felt for  
many foreigners journeying in Jeru  
salem. The city's population is 20,  
000.  
The Italian fleet bombarded the  
city for three hours, with the inhab  
itants fleeing in panic. The Ameri  
can college and other American in  
stitutions are safe. No foreign cas  
ualties are reported. Sixty are dead  
as a result of the bombardment.

REPORTS BELIEVED CENSORED  
AND THAT DAMAGE IS HEAVY  
LONDON, Feb. 24.—Beirut dis  
patches fail to state the extent of  
damage or casualties. It is believed  
the reports are censored and that  
heavy damage was inflicted.

## PORTLAND NEWS SCORES DECISION

In Barber Lumber Company  
Cases; Says Judge Gilbert  
Knew of Illegal Action

PORTLAND, Feb. 24.—Calling at  
tention to the fact that J. Thornborn  
Ross, the convicted bank wrecker,  
who is under indictment for Oregon  
land frauds, and Judge W. B. Gil  
bert are brothers-in-law, the Port  
land News publishes a sensational  
attack on Judge Gilbert's recent de  
cision in the federal supreme court  
in the Barber Lumber Co. land cases  
permitting dummy entries to act  
for corporations.  
The News intimates the decision  
would add Ross materially if brought  
to trial. The News also asserts that  
Gilbert's son and daughter were  
used as dummies to file on desert  
lands. It further says that Judge  
Gilbert compelled them to return  
Ross's advanced money, and to can  
cel their claims when brought to his  
attention. The paper quotes Federal  
District Attorney McCourt in sup  
port.

The News declares this act of  
Judge Gilbert indicated that he had  
knowledge of the acts of Ross, now  
alleged to have been illegal, and that  
he did not wish his children to be  
unwittingly drawn into Ross's busi  
ness ventures.

TELEGRAPH OWNERSHIP  
BY U. S. OPPOSED BY TAFT

But President Approves of  
Doubling Rates on News  
papers and Magazines

WASHINGTON, Feb. 24.—Flatly  
opposing government ownership of  
telegraphs, the pet project of Post  
master General Hitchcock, President  
Taft Wednesday aired his views on  
the matter in a special message to  
congress submitting the report of the  
postal commission and approving its  
recommendations that rates of news  
papers and magazines be doubled—  
from 1 to 2 cents a pound.

Postmaster General Hitchcock origi  
nally recommended a 4-cent rate, but  
later changed this to 2. The com  
mission finds that the cost of hand  
ling second-class matter is 5 1/2 cents  
a pound.  
In approving the 2-cent rate, how  
ever, President Taft declares that  
the business enterprises of the pub  
lishers of periodicals have been built  
on the basis of the 1-cent rate, and  
therefore it would be manifestly un  
fair to put into immediate effect a  
larger increase in postage.

## ACTION ATTACKING VALIDITY \$200,000 BONDS DISMISSED

Yesterday afternoon at 4:15 o'clock,  
Attorney H. J. Forgy filed a paper  
with County Clerk Williams dismis  
sing the suit brought by Robert Mc  
Fadden asking for an injunction stop  
ping the issuance of \$200,000 Poly  
technic high school bonds.  
The dismissal came as a surprise,  
for 10 o'clock this morning was set  
for the final disposition of the case  
on a demurrer. It had been arranged  
to have the argument on law points  
heard by Judge Monroe of Los An  
geles.  
This dismissal is said to mean  
that there will be no further attempt  
on the part of McFadden and his as  
sociates to break the bonds. In fact,  
the statement was made today by one  
of those in touch with the McFadden  
side of the case that the object of  
the plaintiff was not to have the bonds  
defeated, but was meant to gain time  
for an investigation. It was consid  
ered that the law points raised would  
have to be passed upon by the bond  
buyer's attorneys anyhow, and the  
theory of the prosecution seemed to  
be that the bringing of the suit did  
not jeopardize the bonds.  
The suit was brought undoubtedly  
because of the opposition of those  
backing it to the district as a site  
for the Polytechnic high school. If  
the defendants in the hearing had  
it be true as stated that this suit  
was meant to get delay for the pur  
pose of making an investigation, then  
the plaintiff and his associates, who  
ever they may be, probably have in  
mind some other action.  
The chief aim of the plaintiff seems  
to be a determination to defeat the  
location of the high school on the  
Gist tract. Whether the next step  
aimed to prevent further steps to  
ward that location remains to be  
seen. The Register was unable to get  
any definite information as to what  
the next step will be, if, indeed, any  
step is taken.  
When asked for the reason for the  
dismissal of the suit, Attorney Forgy  
said:  
"I dismissed the suit at the direc  
tion of the men I represented. Yes,  
it is true that the suit was brought  
for the purpose of securing delay,  
not for the purpose of defeating the  
bonds. I was employed to conduct  
this case, and the action is now dis  
missed, and that is all I have to do  
with it. If there is anything else in  
contemplation, it is out of my hands."  
Attorneys representing the defend  
ants in the McFadden suit are con  
fident that the dismissal forestalled  
Judge Monroe, for they believe that  
backing it to the district as a site  
for the Polytechnic high school. If  
the defendants in the hearing had  
it be true as stated that this suit

## D. W. McDANNALD WRITES OF HIS JOURNEY TO LAND SHOW AT KANSAS CITY

Kansas City, Mo., Feb. 18, 1912.  
We arrived here at 10:20 last night  
and were agreeably surprised at find  
ing a counterpart of the weather we  
left in Southern California.  
I am going to steal a march on "old  
time" and before he has a chance to  
get a blotter on my memory I will jot  
down a few of the things seen on the  
way, at least a few of those which ap  
peared of interest to me.  
Passing along the foothills, in Los  
Angeles and San Bernardino counties  
we saw a great many peach orchards  
in full bloom. When we arrived at  
Ratoon, New Mexico, there was snow  
on the ground. Plenty of it. Before  
proceeding further, I desire to make  
this explanation, that I may set my  
self right with the reader. My trav  
eling companion is Mr. Jasper.

If you don't know him you ought to,  
for you are losing large sums every  
day you put it off. Jasper helped to  
blaze the Santa Fe trail, and knows  
where every badger hole, gopher  
mound and prairie dog den is located.  
Therefore when I tell you most of the  
information I am going to impart is  
directly traceable to him, you will  
know just what the rate of discount  
should be.

Looking out of the car window as  
we sped across the long dreary, track  
less desert between Barstow and  
Needles I noticed at almost regular  
intervals, gas pipes stuck into the  
ground, bearing a crossboard painted  
snow white, and on its face, in large  
black letters, and an index finger  
pointing the way and giving the exact  
distance to the nearest water hole.  
This was Jasper's idea, and it is  
claimed, has saved many a poor trav  
eler from a horrible death. I know  
of no better way to commemorate the  
fact, than by this scrap of doggerel,  
manufactured for the occasion, while  
the spirit of the story is still new:  
In tragedy of death this waste now  
teems,  
Here's what I saw in my desert  
dreams.  
Mile after mile the mounds go by,  
Marking the spot where the victims  
lie.  
The winds do howl, as they conjure a  
ghost.

But, no! 'tis only a Jasper sign post  
Pointing the way to a water hole.  
That has saved the life of many a soul.  
Darkness had spread her mantle  
over the desert before we reached  
Needles, and about all I saw of the  
place was a few Yuma squaws with  
their wicker baskets and other reser  
vation trinkets. Jasper told me these  
were the handsomest women of all  
the desert tribes. They bore just  
about as much resemblance to "beau  
ty" as a broken logged burro does to  
a race horse.

It was quite dark when we crossed  
the Colorado river and I was disap  
pointed. Thirty-seven years ago I  
drank from the waters of the "Silver"  
Colorado, and laved my face in its  
soil burdened moisture, and I was  
anxious to see if it was just as dirty  
as it used to be.

At the approach to the bridge, on  
the California side, my guide in  
formed me there was a sign board  
bearing this warning: "He who crosses  
here leaves all hope behind," and on  
the other end of the bridge the sign  
reads: "The direct road to Paradise."  
There are a lot of pointed buttes  
along here. My guide said while the  
Santa Fe officials were wrestling for  
a name to give the station, an Irish  
man went out to one of the sharp  
peaks and picked a cactus thorn out  
of his foot, so they called it "Needles"  
and the town seems to thrive very  
well even with this handicap.

Flagstaff is the first daylight town  
in Arizona and here we see the first  
snow. Despite the fact that it has  
been sixteen years since I have soak  
ed my webs in the fluffy stuff, it look  
ed quite natural. Here we set our  
timepieces ahead one hour, to cor  
respond with the custom of all trav  
elers eastward bound. This they call  
"mountain time," but I noticed the in

## TAFT DENIES DAMAGING CHARGE

Asserts He Never Said Ameri  
can People Were Unfit for  
Self-Government

ADMITS THAT HE SAID  
SOME OF THEM WERE NOT

Denounces Press and People  
as Circulating Lies  
Assiduously

WASHINGTON, Feb. 24.—In an of  
ficial statement issued from the  
White House, President Taft denies  
flatly the charge that he said the  
American people were unfit for self  
government. The statement is  
bitter, denouncing a hostile press for  
its assiduous "falsehoods."

White House Statement  
The statement said:  
"Among the falsehoods assiduously  
circulated by persons and papers op  
posing President Taft is one that  
claims that in his Lincoln Day ad  
dress he declared that the Ameri  
can people were not fitted for self  
government. The President said  
nothing on that occasion which  
could possibly be contorted into such  
a construction. The speech where  
in the President referred to popular  
government was delivered in New  
York at the State Bar Association  
banquet on January 20. What he  
said then was:  
"Popular government we all be  
lieve in. There are those of us who  
do not believe that all the people are  
fitted for popular government. Some  
of us do not dare to say so, but I do,  
and the question whether the people  
are fitted for self-government so as  
to make that government for the  
people, is determined by the ability  
of the majority to place upon itself  
restraint. This restraint is what de  
termines whether or not the people  
are fitted to govern themselves."

## WOMEN CLUBBED BY TROOPS AND POLICE

Congress May Probe Textile  
Strike and Action of the  
Police Today

LAWRENCE, Mass., Feb. 24.—  
Women and men were clubbed by  
militiamen and police, under com  
mand of Marshal Sullivan, when they  
went to the railway station to  
send several strikers' children to  
Philadelphia and Providence to be  
cared for because of the poverty of  
the families. Sullivan refused to  
permit the children to go. Eight  
women, five men and ten children  
were arrested.

## SEVERELY INJURED IN FALL FROM CAR

Cyrus Wright, of 1122 West First  
street, was rendered unconscious and  
received a bad scalp wound in a fall  
from a moving Pacific Electric car  
on West Fourth street last night.  
Wright was returning from Los An  
geles when he stepped off backward  
from the car while it was still in  
motion. The back of the man's head  
struck the street, and when the train  
men and N. A. Uhl, who was on the  
car, reached the man he was uncon  
scious. After he was taken aboard the  
car and brought into town, Wright  
became conscious and was later taken  
to his home.

PAID RAMSEY'S FINE  
This afternoon a man from Orange  
presented E. C. Ramsey with \$15 to  
recompense Ramsey for the fine that  
he paid in justice's court here. The  
Orange man stated that the money  
was raised by collection. Ramsey en  
gaged in a fight and was fined \$15.

## THIS GREAT MOTORCYCLE WINS TWO FIRST AND SECOND PRIZES IN WASHINGTON'S BIRTHDAY RACES

In the great 25-miles endurance race in which there were nearly half a score of starters, only three machines finished and two of the three were **FLYING MERKELS**, these two machines taking first and second prizes in this race. Dunham of Los Angeles rode this winning race in 26 minutes and 7 seconds.

"Won easily," is the way the sporting editor put it as to the **FLYING MERKEL'S** victory in the match race. The Merkel took both first and second places in this race. Bill Sill rode the machine that won first place and Barker rode the machine that came in second. Both made great time as the reports of the races will show.

## CHAMPION OF SOUTH TEAMS

Huntington Beach Basketball  
Team Will go After State's  
First Honors

HUNTINGTON BEACH, Feb. 24.—By defeating Long Beach High School yesterday afternoon, the Huntington Beach High School boys' basketball team won the championship of Southern California, and early in April will go to Northern California to play the champions of the Northern part of the state for state championship. Dates have already been made with Berkeley, San Francisco and a number of other teams in the North.

Forty men are now at work on the enlargement and improvement of the plant of the Holly sugar factory here, and \$150,000 will be expended. The work is in charge of A. R. Drexel, one of the foremen for Contractor Carl Leonard of Los Angeles. The capacity of the plant will be increased one-fourth, and it will employ about forty more men during the running season.

## WASHINGTON'S BIRTHDAY EIGHTH GRADE PROGRAM

The Eighth grade of McKinley spent this week in studying memory gems on the life of George Washington instead of their regular English work. Each member of the class was required to memorize one selection to be given to the seventh grade for Washington Birthday exercises, which was given in two parts.

Part I—George Washington America, by entire grade. "February," Maurice Baker, an original poem by Mrs. Baker. "The Life of Washington," (motion drill), 1732, Lela Sebastian; 1763, Mary Jacque; 1775, Evah Thorp; 1789, Bertha Crump; 1799, Hazel Solum. George Washington, Homer Edwards.

"Washington's Birthday," Matea Jacque. "An Appreciation of George Washington," given by William Smyth, Lloyd Jeter, Charles Phillips, Perry Ballard, William Smyth, Walter Harris, Charles Smyth, Robert Brown, Charles Phillips, Hillard Griggs, Jared Sparks, Dexter Martin, Guizot, Julian Matthews, Vance, Norman Walker, Eliza Cook, Remus Pippis. ## INSPECTION IS ON WEDNESDAY

Prominent N. G. C. Officers  
are to be Present as Com-  
pany L's Guests

Company L's annual inspection will be held at the Armory next Wednesday afternoon and evening. Capt. Elm and his men are ready for any of the tests that may be given them by the inspecting officers.

Several well known officers of the California National Guard will be present, among them Adj. Gen. Forbes and Maj. Sherburn of Sacramento, Brig. Gen. Wankowski and Col. Schreiber of Los Angeles. Capt. Fuqua of the regular army will be present to conduct the inspection. Capt. Elm and Lieut. McBride were in Los Angeles yesterday and attended a banquet given the adjutant general. In conversation with Capt. Elm the adjutant general stated that he is very anxious to see the Santa Ana Armory, concerning which he had heard much.

## EAST NEWPORT NEWS BUDGET

EAST NEWPORT, Feb. 24.—Capt. M. J. Daniels and family, who have occupied their cottage for the past ten days, returned to their home in Riverside on Thursday of this week.

Mrs. B. N. Hurd and Miss Florence Hurd, arrived from Los Angeles early this week to spend a short time in their home on Lindo avenue.

Mrs. Lew H. Wallace went to San Bernardino on Monday morning, to attend the National Orange Show at that city.

Mrs. S. R. Jumper and Miss Evelyn Jumper were visitors to Glendale and Los Angeles on Monday of this week, returning Tuesday.

Frank E. Abbott and family returned to their home in Riverside on Thursday of this week after a month's outing in their cottage on Surf avenue.

Mrs. Charles K. Douglass and Miss Douglass were down from Los Angeles last Sunday, making arrangements for the building of their new home which is to be erected on Buena Vista boulevard.

Mr. and Mrs. R. S. Marple of Tustin are spending the week at their Bay Island home.

E. L. Quinn and H. Little have returned from a few days' trip to Up-lands and Ontario.

Miss Janet Breysbrack and Mrs. Condit who have spent the past ten days in the D. M. Jones cottage on Surf avenue, have returned to Pasadena.

Mr. and Mrs. W. E. Lawton and family, residents of Illinois, who are spending the winter in San Gabriel, are here for a short stay, occupying the Brown cottage on Bay Island. Mr. and Mrs. Lawton spent the winter here two years ago, and are very favorably impressed with the advancement of East Newport and Bay Island.

Miss Clare Germain of Los Angeles spent the past week end in Dr. Clark's cottage, which she has rented until the beginning of the summer season.

Rev. C. O. Johnson, former pastor of the Newport church, and now in charge of a Baptist church of Los Angeles, was here a few days this week, a guest of Mr. and Mrs. C. H. Wallace.

## NO DYSPEPSIA OR HEARTBURN

Indigestion Goes and Your  
Stomach Feels Fine in  
Five Minutes

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapiesin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes belching, dizziness, a feeling of fullness after eating, Nausea, indigestion (like a lump of lead in stomach), Bloating, Heartburn, Water brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Pape's Diapiesin from your druggist, and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can surely get relief within five minutes.

## STURGEON MADE BIG SALE OF MULES

And It Didn't Even Ruffle His Composure.

—The stock business is a fine tonic for the nervous system.

D. W. Sturgeon furnished proof of that yesterday evening when he made almost a \$10,000 sale with much less ceremony and excitement than usually attends the purchase of a new spring hat. The sale was arranged in a few minutes and when it was completed Mr. Sturgeon went about his business as though he had merely traded pocket knives or bought a box of matches. The fact is Mr. Sturgeon makes a big sale of stock much oftener than he trades pocket knives, and he never gets excited about it any more.

The above is an extract from the Journal of Dodge City, Kansas. Mr. Sturgeon is a resident of Santa Ana, having come here about four months ago. He has established a horse and mule market at the corner of Second and Spurgeon.

## THE EXCELSIOR MOTORCYCLE WON AWARD FOR SINGLES

In the account of the motorcycle races at the local track on Washington's birthday there was a slight error made in the report to the ninth event. In this race, which was the 25-mile free for all, there were two prizes, one for single cylinder and one for twin cylinder machines. The single cylinder Excelsior ridden by Montgomery, won the award for singles, while Dunham of Los Angeles, won the twin machine award on a Merkel.

Box Ball Match  
In a practice game on the box ball alleys last night, the McBurney three-man team took four out of six games from the Centrals three-man team, the McBurneys winning the first three games by 208 pins, the fourth by only five, and the Centrals winning the last two by a narrow margin.

Every day is a banner day in the Register contest!

The ballot box was turned up-side down this morning at the usual hour for the regular count of votes and nearly a quarter of a million of them were sorted into stacks for the do-or-die candidates.

To be exact the ballot box contained \$241,000 votes. Some of the candidates advanced several points closer to the royal seat, while others fell back under the heavy shower of ballots.

The most noticeable feature of yesterday's polling was the balloting by Miss Lillian Yeager. Yesterday Miss Yeager was last in the ROLL OF HONOR with 81,470 votes opposite her name. Today Miss Yeager leads every candidate in the race for the big E-M-F Touring Car with a grand total of 231,470 votes.

Mrs. J. H. Harvey is again in second place with over 213,000 votes.

Mrs. Sam Preble increased her total yesterday over 25,000 votes and now holds third position. Miss Pauline Jacobs is now fourth.

### Keep Up the Pace

This is the time that your friends and the whole county is watching the results with intense interest. If you want to be a winner you will have to look like one. Subscriptions bring votes and the more subscriptions you get the greater will be the number of votes you will be able to poll each day.

Subscription givers are interested in those who forge ahead, but those who lag behind will soon be lost to view in the final stretch. All eyes are on the leaders when it comes to the last spurt.

Now is the time to get ready for

### Prof. L. C. Kline

This cut is a very good likeness of Prof. L. C. Kline, the new head of the commercial department of Orange County Business College. Prof. Kline recently sold his interest in the Stockton Commercial College, Stockton, California. President McCormac of the local college is to be congratulated upon securing so capable a man for this growing school which is annually sending its scores of graduates into all parts of the state.

Following are a few of the many testimonial letters on file in regard to the past work of Prof. Kline which will be of interest to those who are to come under the instruction of the faculty of Orange County Business College in the near future.

Newark High School, Newark, Ohio.  
Edward P. Childs, Prin.

Newark, Ohio.

To Whom It May Concern:

Mr. L. C. Kline has been a member of the Newark High School for the past two years, in charge of the work in the commercial department, and has given excellent satisfaction.

Mr. Kline is a college graduate, and has taken several years extra training by post graduate courses, and is in hearty sympathy with the high standards in his work with the young people of the schools.

He has been re-elected to his present position for another year and we do not expect him to leave us, but I am pleased to recommend him to any school officials as a competent instructor of the commercial subjects, if by so doing I can assist him in obtaining an advancement in his profession.

Very truly yours,

EDWARD P. CHILDS,

Principal of High school.

Principle of High School.  
Ottawa, Ohio.

To Whom It May Concern:

I have been a student under the instructions of Mr. L. C. Kline for one year, and can say of him he stands at the head as a commercial teacher of unquestionable character. As a penman he is an artist. As a disciplinarian his government is such as to have the best of order and holds the respect of his students. He is a college graduate of high literary attainments. A gentleman in the highest sense.

Instructor of Bookkeeping.

J. O. McDOWELL,

Brandon-Stevens Institute,  
New Brighton, S. I.

New York City, June 7, 1910.

To Whom It May Concern:

This is to certify that the bearer, Mr. L. C. Kline, has been in my employ as teacher of commercial subjects. Mr. Kline has an excellent education, is strict in discipline, and is painstaking in all his work. I gladly recommend him to any school as a capable all-round commercial teacher.

Respectfully submitted,

J. S. Stevens.

the finish of this exciting campaign. Pile up so many votes that you won't have to worry when the judges pronounce the contest closed on March 16th. The cheers will be for the nine winners; make sure that you are one of them. Make a headlong spurt for first place and your chances of getting there are equally as good as any one of the merry competitors.

You can't do all that you will have to do, to be the winner of first position if you wait until the last two weeks. The time to build the stone wall that your opponents will not be

able to shatter is NOW. Every subscription you bring in before next Saturday night, March 2nd, will be worth thousands of votes more to you than it will after that date is wiped from the calendar. The period of the BIG VOTE DAYS is getting shorter every hour and an hour wasted is a vote lost.

You have probably gone over a good part of the territory, but there are hundreds of subscriptions to be had if you GO AFTER THEM. Don't merely pick off the ones that are easy to get and then say that you have done all you can. Go into every office building, every business place, every residence and every farm. Hundreds of them already take the Register. They have been watching your progress and will be glad to renew their subscription if you will ask them. Those that don't take it, have heard of the contest and therefore know that you are one who wants to win. The Register is a paper that is worth every cent that you ask for it and if you show them that you look like a winner they will subscribe. Dozens of people call into the office of the Register every day to look over the files to see how the candidates stand. The public has the contest spirit and it wants to keep in touch with its progress. They'll take the paper on that score alone to say nothing of all the other live news they want to be posted on.

Now what you should do is to see as many people as you can between now and next Saturday night, while the big Special Vote offer is in effect. Remember, this offer will positively close next Saturday night at 8 o'clock and after that time votes will be cut so low, that they will look like a remnant cut down to thirty cents.

Get subscriptions every day and vote early and often.

## CONVENTION HELD AT TUSTIN THIS WEEK

The Fourth Annual Convention of Santa Ana District of the Orange County Sunday Schools was held at the Presbyterian church Wednesday, President Knapp presiding.

Pastor Kennedy led the devotional exercises at the opening and gave the address of welcome. At the roll call of schools Tustin Presbyterian had the largest percentage in attendance which gave them an elegant silk U. S. flag, which they hope to win as a permanent possession by having the largest percentage at the convention next year.

Rev. Paul Stevens gave a thrilling address on the topic, "Our Sunday School, the Foundation of a Missionary Spirit." The important point he made was that we must make plain to the pupils of our Bible Schools the fact that the spirit of missions and the spirit of Christ are one.

Miss Meme Brockway of Los Angeles gave a most helpful address on the graded lessons. She also presented a model lesson for juniors, using freely the blackboard for her outline and illustrations. R. J. Hamilton, the county Y. M. C. A. secretary, gave an address upon "Boys at Their Best," in which he set forth clearly the necessity for physical, moral and mental development. He dwelt more at length upon ways and means for holding and developing the boys especially of the early teens, suggesting ways of occupying the boys when in the Bible class by giving them definite things to do in the opening and closing services as well as in the class.

Two popular addresses were given in the evening by Rev. G. E. Butterfield of Los Angeles and Rev. Russell of Santa Ana, speaking of the importance of mission work. Mr. Butterfield mentioned a word of counsel to the men of America which he heard given by a man who was born in Antioch of Syria, the point from which foreign missions started.

Mr. Russell spoke of the allurements of Christian service, showing how only those who fully gave themselves to Christ for service could experience the true joy and how all they who tasted such joy are stimulated by it to despise every hindrance to their most acceptable service to Christ.

The Young People's Choir and orchestra gave a delightful service in the evening. While the attendance in the early forenoon was not large the house was well filled during most of the day; and as to interest and helpfulness surely none in attendance will say they ever attended a better convention.

## AS ONE LOCALITY LOSES FAITH IN HIM, ANOTHER RAISES PURSE FOR RAIN

Hatfield Censured by Crows' Landing Farmers—Excuse: Chemicals Too Old

FRESNO, Feb. 24.—C. M. Hatfield, so-called rain-maker from Los Angeles, has created a disturbance, not rain, on the West Side plains, according to advices from Newman.

Three business men of Crows' Landing have issued a signed statement sworn to before a notary public, in which it is stated that Rain-maker Hatfield admitted to them that the rain chemicals are old and exhausted, therefore not having the required strength to coax moisture from the clouds. These chemicals have been used on top of Hatfield's rain-towers since November 1 and very few drops of rain have visited the West Side fields.

A few days ago the rain-maker visited Crows' Landing and had quite an argument with several business men. Hatfield was censured severely, it is reported, after he had made a statement to H. C. Tucker, O. P. Munson and G. L. Munson. This statement, in part, follows:

"Hatfield claims that by installing new chemicals he can produce rain within four to eight days and would no doubt make a fair crop for the farmers."

"When asked 'Why don't you do it?' he replied: 'There would be no object in my doing so as I am satisfied I could not get the required ten inches,' and was not willing to give the farmers the benefit of his experiments. This will no doubt call to mind the liberal concession made to Mr. Hatfield the year he fell short of his contract, when a number of sympathetic supporters made good by lucrative donations."

Hatfield's contract calls for 10 inches of rainfall between November 1 and April 1. The business men of Crows' Landing made a statement a few days ago in which they stated that Hatfield's former backers had lost faith in him entirely.

## SHORT BALLOT MOVEMENT IN OHIO

The report of the Cleveland Municipal Association on "The Need of a Short Ballot in Ohio" was reviewed in the last issue of "The Short Ballot Bulletin." Apparently the work of this aggressive body has made its felt throughout the state, for when the Constitutional Convention convened last month it was soon decided that one of the principal committees in that body should be one on the Short Ballot alone. The chairman of this committee is John D. Fackler, of East Cleveland, with whom are associated twenty other delegates.

On receiving the Ohio pamphlets this organization promptly sent a copy to all the leading newspapers, many of which took occasion to discuss its proposals at length. The trend of the newspaper comment was uniformly favorable.

The general tone of the Constitutional Convention affords every reason for the expectation that a thoroughgoing revision of Ohio's government on short ballot lines will be submitted to the people. But whether this hope is realized or not, the work of the Municipal Association stands approved as the first serious study of the whole Short Ballot problem in any state. It will doubtless constitute one of the starting points for similar committees in other states. And, for immediate purposes, it gives the office of the national organization a concrete and definite application of its doctrines to point to.

## END OF A BUG-A-BOO

The finding of the Supreme Court of the United States in the Oregon telephone case puts a quietus on the boasting we have so long been hearing from half-baked lawyers and writers that the initiative and referendum would finally be swept away by the courts, as being contrary to a republican form of government.

Some reactionary papers try to conceal from their readers the true force of the decision by claiming that the main issue was not passed upon and the court simply ruled it had no jurisdiction. What difference does that make, so long as the matter is now placed entirely out of reach of the court? The telephone corporation claimed that its property rights were interfered with by a law of Oregon which law was unconstitutional and hence contrary to the guarantee of the constitution. The court answers that it has no jurisdiction as the matter is political and not legal. Now if the issue is not legal it means that the corporation's legal rights under the national constitution have not been infringed upon, which in turn means that the Oregon law is not unconstitutional as the situation stands.

If it is a political issue, and if congress in its blindness should see fit to decree that no state may have direct legislation, then the law of the matter might be approached from another angle, and the court give a decision on the question of whether direct legislation is or is not contrary to Section IV. of the Constitution. In that case the thing would become justiciable, and the court would probably hold that congress had no right to meddle in the matter.

But the prospect of congress taking any such reckless and radical step is too absurd to require discussion. It will let sleeping dogs lie.

Anyway it is a relief to be done with these buncombe threats of what the courts will do to direct legislation when they get around to it.—California Outlook.

## IT'S GOING TO RAIN

The Pasadena Star has compiled a chart which shows the average rainfall by months for the nine dry years we have had during a period of 29 years—that is, the average for each month for the nine dry years since 1882.

This gives March an average of over 2 inches. The next highest month is January with a little over 1½ inches. December and February are even with a trifle over 1¼ inches. September and May are about even, just going above the 1 inch mark. November and April make an even showing of ¾ of an inch.

So March is a favorite month for old Jup. Pluv. to jump in with his watering can if the previous months have happened to be of the parched kind. Jup. knows that about March the farmer is getting anxious, and that even the tourist would like something in the wet weather variety in Southern California, and therefore he has been particular to come along in

March of every dry year and let us have all the way from one to twelve inches of rain in the month given over to St. Patrick.

Another thing he always contrives to do in dry years is to linger longer in the lap of the southland. In other words he stays well into May. As a general rule he is sparing of his water supply in that month, but when he has been short throughout most of the season he has, in other dry years, cut loose with a few late storms which have kept the country green and restored the confidence of the farmer in the rain god.

It is supposed that precedent will be followed this dry year and that next month and May will be real wet ones and that April showers will also wash the face of the southland landscape.

## WHAT OTHER ORANGE COUNTY PAPERS ARE SAYING EDITORIALY

## CRIME IN CALIFORNIA

Huntington Beach News: The case of Sylvester Overacker of this city, charged with murder and twice convicted of unlawfully killing a human being, is being taken to a higher court on appeal from the Superior court of this county and the cost of the necessary transcribing of the evidence in the case thus far and the labor of getting it ready to be transcribed is stated as being \$825. The fees of attorneys, the cost of the two court proceedings, the incidental expenses—these will doubtless make the cost of this trial of a single person reach far into the thousands. This particular case is cited here merely as an example of the present methods of administering criminal law in California—methods which involve delay, often the utter defeat of justice, enormous expense and, worst of all, the foundation for the popular belief that the law is created for purposes of delay and the defeat of justice rather than its triumph. The Huntington Beach News feels justified in citing this particular case because it has twice resulted in a verdict of guilty and is therefore a fair test. The News does not intend to "try the case in the newspapers." It merely uses it for an example.

Just how long present methods of conducting criminal trials in California will exist depends, we believe, on just how long the people will stand for them. The present laws are filled with loopholes for use by lawyers who believe it to be a part of their duty to their clients to take advantage of every technical quibble to assure victory for their side of the case on trial. We do not propose to discuss the ethics of the legal profession here. We are discussing only this fundamental proposition—Shall crime be punished in this state speedily, surely and adequately, or shall crime in this state be permitted to go for long if not altogether unpunished, unless the criminal has no funds, no friends and so no technicalities of the law to be juggled to secure acquittal.

## CANCERS TUMORS

Owing to the many patients which we have under treatment at Santa Ana, the Radio Specialist of the Therapeutic Institute of Los Angeles has made arrangements to make regular visits at Rossmore Hotel on Tuesday of each week until further notice from 9 a. m. to 4 p. m.

Marvelous Cures are being effected in obscure and chronic diseases by simple, safe, and reliable methods that cure quickly without drugs or operation. No pain, no knife.

We give below names of a few of our many cured patients:

Mrs. Geo. Bredow, 1239 East Twenty-second street, Los Angeles, says: "Some years ago I had what the doctors called a fibroid tumor. They estimated that it would weigh at least thirty-five pounds. To my knowledge it had been growing for about five years. It caused me a great deal of suffering and anxiety. On September 4, 1902, I called on a physician in charge of the Therapeutic Institute, 946 South Broadway, for consultation and advice. He made a careful and thorough examination of my case and, to my surprise, said he could cure me without an operation. I took treatment from him for six months and in that time I was reduced to my normal size and completely cured. It has been now nearly nine years since I took the treatment, and I have never had any return of the trouble. I consider this wonderful, because the leading physicians and surgeons that examined me before all said the only thing to do would be to go to the hospital for an operation, and it would be doubtful if I would recover from the shock, owing to my weakened condition. I can say to the ladies of Los Angeles and vicinity that I feel that I owe my life to the treatment and can highly recommend it to the afflicted."

Lewis Williams, 2632 Loosmore street, well known retired business man, cured with two treatments, of cancerous growth on hand.

G. H. Farrar, 1525 East Fifty-first street, was cured in two months of a large cancerous tumor on left breast, from which he had suffered for four years.

Mrs. J. Brown, 219½ North Olive street, cured of piles, after intense suffering for ten years.

We have on file hundreds of testimonials similar to the above. If you are afflicted and interested, you are invited to call and investigate.

We have successfully treated Cancers, Tumors, Goitre, Consumption, Asthma, Catarrh, Deafness, Weak Lungs, Chronic Cough, Rheumatism, Neuralgia, Piles, Fistula, all Skin and Blood Diseases, Paralysis, Locomotor Ataxia, Spinal Trouble, all Nervous Diseases, Prostatic Trouble, Diseases of the Kidney, Bladder, Nervous Debility. We give special attention to diseases of women. Our system of treatment cures without drugs. It gives you back the very element you have lost. It puts new life into the veins and renews health and vigor.

If you have failed to get relief from old-time methods of treatment, do not despair—there is still hope and help for you.

Every afflicted Man and Woman is invited to come and talk with us about his affliction and let us demonstrate free the means we have employed successfully in hundreds of other cases.

Consultation, Examination and Advice Free and invited. Call at the hotel on the above date, or at our home office.

### SOCIAL RESUME

Story of Events Crowded Out by Lack of Space—Week Gay With Social Doings

As will frequently happen in the strenuous existence of a daily newspaper, space has been at a premium in the Register this week and the social page has been encroached on by the valuable advertiser and in various other ways, so that many of the pleasing social happenings of the week have not been chronicled.

One of these was the delightful entertainment of the ladies of the Past Matrons' Association, O. E. S., by Mrs. W. S. Peek on Tuesday last, when almost the entire membership of the association was present. Among the greatly enjoyed features of the afternoon was an interesting description of trip through Yosemite Park by Mrs. Frank True.

By unanimous consent, the ladies decided to entertain all the past worthy matrons in Orange County at some date next month. Many pleasant plans for the event were discussed, and it is expected that a splendid time will be the result.

Delectable refreshments were served by the hostess, red and white being used in the color scheme. Place cards were hand-painted in cherry design, and cherries adorned the dessert course, all being suggestive of Washington's birthday.

### For the Russells

Another interesting event of Tuesday was a surprise party for Rev. and Mrs. Russell of the First Baptist church. A number of friends were unannounced to the house just before time for dinner in the evening, carrying delicious eatables in lunch boxes, one of these containing special delicacies for the Russells. A jolly evening was spent, and the affair being in honor of the sixteenth wedding anniversary of the pastor and his wife, a wedding ceremony was pronounced by Rev. W. T. Van Cleave.

### Birthday Dinner

Mrs. George W. Young complimented her husband on last Thursday evening with a pleasant birthday dinner, inviting Mr. and Mrs. Horace Fine, Mr. and Mrs. G. E. Shelton, Mr. and Mrs. Riggs and Mrs. Louise Walke to join in the celebration of the day. Mr. Young was remembered with birthday gifts from his friends. Following the enjoyable dinner the evening was spent in whist.

### High School Debate

The debate for the Davis Inter-scholastic High School debating cup took place at Huntington Beach last night between Fullerton and Huntington Beach High School teams. The question was: "Resolved, That the State of California Should Control and Develop all Irrigation Systems in the State That Originate From Surface Sources." Fullerton, representing the affirmative, won by a unanimous vote. The judges were Prof. John B. Nichols, of Compton, Attorney Walter J. Desmond of Long Beach, and S. M. Davis of Santa Ana.

Next Monday evening we expect to make announcement of a concert that we have every reason to believe will be one of the finest ever enjoyed. Keep an eye out for this announcement and engage your seats early at the Conservatory office by phoning Main 214. 304½ N. Main street.

### WHIST PARTIES

Mrs. and Miss Whitson Invite Friends to Pleasant Social Functions

The East Fifth street home of Mrs. Mary Whitson and her daughter, Miss Martha Whitson, has been the scene of two pleasant parties this week, the first one of the delightful events taking place Thursday night with Miss Whitson as hostess.

Progressive whist was played with Mrs. Howard Herbert Cleaver and Howard Turner winning prizes for high score. After the jolly games, Miss Whitson escorted her guests to a prettily appointed table bright with red shaded candles enconced in George Washington candelabra, and with glowing red geraniums. Hatchet-shaped place cards were at the plates, and after dinner mints were miniatures of the hatchet made immortal by Washington.

The invited guests were Messrs. and Mesdames W. H. McLain, Howard Turner, Charles Clayton, E. R. Majors, Dr. and Mrs. L. L. Whitson, Miss Lena Barkow and Mr. William Lorenz.

Last night Mrs. Whitson and Miss Whitson jointly entertained at a pleasantly informal affair, their guests being Mr. and Mrs. George Balderston, Mr. and Mrs. Arthur Pease, Mr. and Mrs. W. W. Cleaver, Mr. and Mrs. W. W. Wasser, Mr. and Mrs. Alex Brownridge, Mr. and Mrs. W. B. Whitson and Dr. and Mrs. L. L. Whitson.

Whist was once more the amusement, and prizes were awarded to Mrs. Balderston and W. W. Wasser for best score. Refreshments were served on small tables, and this hour was rendered doubly pleasant by the cheerful chat that took place over the delicious edibles.

### Card Parties

On Tuesday afternoon both Mrs. M. A. Yarnell and Mrs. Arthur Lyon entertained at their respective homes with cards, Mrs. Yarnell being hostess to a card club to which she belongs, and Mrs. Lyon also entertaining a whist club with which she is identified.

### Banqueted Ladies

One of the happy social events of the season was the banquet tendered last night to the ladies of the First Congregational church by the Men's Brotherhood of that church. The men were cooks, decorators and waiters as well as hosts, and right gallantly did they fulfill each duty. Headed by C. A. Terwilliger, president of the brotherhood, the gentlemen prepared a repast worthy of skilled chefs, beautified the tables with decorations that would have been a credit to the Dragon, gave table service that might well be emulated by professional waiters, while as hosts they were unsurpassed. Of the after-dinner gaieties of "redding up" the tables and the washing of the piles and piles of dishes that awaited attention, no one of the ladies can vouch as to the manner in which they appealed to the men, as the men were too solicitous as to the ladies' pleasure to allow any details of the aftermath to be revealed. However, the women are convinced that the men were as adept at dishwashing as they were in the finer arts of dinner giving.

George Washington was the patron saint of the occasion and a handsome portrait of the Country's Father gracing the walls draped in American flags. The genial and witty toastmaster, Rev. Chas. H. Secombe, frequently implored the gentlemen who responded to toasts to remember the truth-telling qualities of the famous hero of the cherry tree incident, but to no avail. The ladies who responded, however, were given free reins to their imaginations. Naturally, they did not abuse the liberty. All of the responses were eloquent, some wise, some witty, some practical, some poetical and all enjoyable. The evening was a happy one and will long be remembered with pleasure by everyone who had the privilege of being present.

The toasts and those responding to them were as follows: "Woman, God Bless Her," C. F. Crose, this toast being responded to by Mrs. Hoyt Hall, Jr.; "Woman's Debut in Politics," Mrs. E. M. Nealey; "Man as a Culinary Artist," Mrs. Frank True; "Why Not," Prof. W. A. Bartlett; "A Model Woman's Club," Mrs. Nathan Beale; "Our Boys," Prof. Hatchette, responded to by Ralph Cole; "Brotherhood Ideals," Prof. J. A.

## Personals

Mrs. W. L. Tubbs will leave next week for an extended visit in Colorado, Iowa and Minnesota. She will stop at Boulder, Colorado, to visit her sister who is living in that lovely cottage town. ## ANAHEIM WON CINDER MEET

Fullerton and Orange Met Mother Colony Boys in Practice Contest

ANAHEIM, Feb. 23.—The three-cornered track meet held Thursday on the Anaheim high school field proved an overwhelming victory for the local boys, who scored 77 points. Fullerton scored 19 and Orange 26. Whittier failed to show up for the meet.

A large number of rooters from the three schools represented were present, and added enthusiasm to the afternoon. Anaheim was not pressed at any part of the meet, and in some instances the Anaheim men took all three places and so didn't try for good marks. The meet was a practice affair in preparation for the county meet in the near future.

Kelley of Anaheim was again the star of the meet, winning three first places, and three seconds and one third, besides running in the relay. His records were all good, and he could have done better had he been pressed hard.

King, the one-armed wonder of Fullerton, figured prominently. He won first in the 220-yard dash, first in the broad jump, with a jump of 20 feet, 2 inches, and second in the 50-yard dash. Beebe, for Anaheim, in the distance runs, had things his own way, and in the mile stopped and tied up his shoe, then won the race in 5 minutes and 12 seconds.

The meet proved to be a financial success for the Athletic Club, as a good amount of money was taken in.

## HIS TROUBLE NOT OF HEART

Real Facts In Regard To F. R. Huffman's Illness. Relief Obtained By Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Thedford's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits."

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Thedford's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

Insist on Thedford's. Price 25c.

## COMMITTEE TO SELECT SITE

Anaheim's Plans for Y.M.C.A. Building are in Most Excellent Shape

ANAHEIM, Feb. 24.—At a meeting held in the Chamber of Commerce rooms in Anaheim, the local Y. M. C. A. set on foot active plans for its work in the future. A building and site committee, consisting of Wm. McLaughlin, Chas. Egebroten, Prof. J. R. Walker, J. W. Duckworth and W. W. Wickett was elected, empowered to select a site and select plans for a building. Upon selections being made approval will be asked of all interested in the Y. M. C. A. and then building operations pushed forward at once.

The prospects for Y. M. C. A. work are exceedingly bright and under the management of the officers and committee elected and aided by our excellent county secretary, Mr. Hamilton, much can be expected.

It is hoped that the building and site committee will have their plans sufficiently under way so that they can be submitted to a mass meeting which will be held in about three weeks.

The prospect is good for having a business lot donated to the cause, and if it is, a Y. M. C. A. building to cost about \$15,000 will be erected. It will be arranged so that the lower floor can be used for business places, with the Y. M. C. A. rooms above. In this way the building will be self-supporting and make it easier to secure money to build it with.

## GIVEN \$5,000 ON OIL LEASE

Mrs. Pittman Let Forty Acres to the Control of the Midway Oil Co.

FULLERTON, Feb. 24.—The Midway Oil Company has paid \$5,000 to Mrs. Pittman, owner of the Tuffe ranch, as payment for a lease on forty acres of ground. The oil company will begin drilling immediately and will commence a new well every ninety days until at least eight wells are down. One-sixth royalty is to be paid. The property is a mile and a half from the A. U. W. Company property. It is considered unusual here that an amount such as \$5,000 should be paid down for a lease, and it shows that the company is confident that the property is in the territory that bears fine oil.

The wind yesterday blew over the Liberty flag pole, erected twelve years ago. Ten minutes before the pole went down an electrician was on it. Had the pole gone down at that time the man probably would have been killed.

## WILL MAKE IT \$125 STRAIGHT

Anaheim City Clerk to Have Fixed Sum for His Services for City

ANAHEIM, Feb. 24.—At a meeting of the city trustees last night, an ordinance was ordered drawn up fixing the compensation of certain officers of the city of Anaheim. The office of city clerk, now held by E. B. Merritt, a candidate for re-election, has paid a certain salary as clerk, and as ex-officio assessor, but it is planned to put the clerk on a straight basis of \$125 a month. Last evening the change in the clerk's salary was the only one mentioned, but it is possible that there will be other changes.

An ordinance calling a city election for April 8 was passed to first reading last night. The contracts and bonds of Pressel & Son, and Chamberlain, Williamson & Chamberlain for building the addition to the city jail were ordered accepted.

Chas. Dussourt was awarded the contract to sweep the city streets, at \$15 a month. He is to furnish the horses.

The plans and specifications for the new outfall sewer system were ordered accepted and the clerk was instructed to advertise for bids to be opened March 28 for the construction. Recently \$90,000 bonds were sold for the construction of the sewer system. The contract for construction work in the city has already been granted.

## OLINDA PLAYERS LOST CLOSE GAME

OLINDA, Feb. 24.—Olinda was defeated Thursday afternoon in an exciting ten-inning game with Pomona, played at Pomona, by the score of 5 to 4.

The winning run was made in the tenth inning when a two base hit brought in a man who was on second. A large crowd of fans witnessed the game. The batteries were: For Anaheim, Etchandez and Brown, and for Pomona, Tritts and Downer.

## 40,000 SACKS OF SWEET POTATOES

ANAHEIM, Feb. 24.—The shipments of sweet potatoes from Northern Orange County amount this year to more than 40,000 sacks, and there are yet 10,000 sacks to send out. The sandy soil in this territory is said to be the best for raising this product.

## ANNUAL RECEPTION A PLEASANT AFFAIR

FULLERTON, Feb. 24.—The ladies of Chapter Y. P. E. O. of Fullerton entertained their B. I. L.'s with their annual reception Friday, Feb. 23, at the Masonic Temple of Fullerton. The rooms were beautifully decorated in national colors and Old Glory was prominently displayed everywhere.

After an informal reception there were three candidates to be initiated. With the assistance of the old B. I. L.'s these were put through all of the degrees to which they were eligible.

After the initiation ceremonies had been duly performed, all repaired to the dining room, where delicious refreshments were served. After dinner speaking interspersed with musical selections completed an exceedingly pleasant evening.

## STORM IN AUTO WORLD IS STARTED

Car Which is a Year Ahead of Its Time Wakes up Dealers and Buyers

One of the greatest storms in the history of the local automobile business has been going on in Santa Ana for the past two weeks. Why? Because the eyes of every automobile dealer, as well as the eyes of every man who is in the market for a car, have been on the Reo the Fifth, the car which has proved the sensation of the year.

People are watching this car because it is a year ahead of its time—it is a year ahead of any car now in the market in Orange County. It has the features which will be exploited in the 1913 models put out by the more progressive makers. Chief among these is the right hand center control, a feature which has come to be recognized as the only proper construction for a four-door car, and it is the only car on the market selling for less than \$3000 which has that feature, and is also equipped with a self-starter. But they are only two of the many distinctive points which make Reo the Fifth the car of the season. Probably next year other cars will have the right hand center control, but the makers of the Reo are not afraid now to back Reo the Fifth against any 1912 model at less than \$2000.

**Another Great Reo Model**  
The Reo 1912 model R, a car which can compare favorably with any on the market in Orange County today, sells in Santa Ana for \$1550, with the following equipment: Silk and mahar' ton, with slip cover, for it; Prest-o-lite tank; speedometer, windshield; pump jack and a full set of tools. This car has a wheel base of 108 inches, and tires 34x3 1/2 inches. Front wheels, drive shaft and differential are equipped with Timken roller bearings. Both in quality and appearance this car ranks with other makes selling at \$1500 and \$2000, and comparisons on this basis do not result in any loss of prestige on the part of the Reo. Immediate deliveries can be made on this model.

The second carload of Reo the Fifth will arrive in Santa Ana in a few days. Already two of these cars have been sold. Wherever the car is seen on the street it at once draws favorable attention, and sales have been made more rapid than the factory can supply.

AT THE COURT HOUSE

## CASE IS SENT TO THIS COURT

R. B. Flint is Plaintiff and J. Ralph Carhart is the Defendant Named

County Clerk Williams today received papers in a case transferred from Los Angeles for trial in this county. R. B. Flint is the plaintiff, with S. J. Parsons of Los Angeles as attorney, and J. Ralph Carhart is defendant, with Head & Marks as attorneys.

Flint asks for judgment of \$11,529.54, which amount he alleges is due him on an agreement that was entered into for the settlement of litigation in Los Angeles. The plaintiff has attached 12,750 shares of stock in the U. S. Liquid Air & Oxygen Co.

### Abstract Filed

An abstract of judgment from the court of Justice Summerfield of Los Angeles was filed here today. Judgment is for \$42.75 in favor of A. V. Storer against B. H. Loveless. Loveless came into prominence here for his part in the deal that resulted in the shooting of his cousin, C. N. Gary, by a rancher named Reinhart. The rancher asserted that Gary and Loveless had defrauded him. Gary was shot while in Attorney Forgy's office. The rancher was acquitted on trial.

### Default Entered

The default of the defendant in the divorce action of Annie Westlake against Robert Westlake was entered today.

### Asks for Permit

The Southern Counties Gas Co. has applied to the board of Supervisors for a permit to place a 3-inch gas main across the West Chapman street bridge. The application states that the main will be laid outside the north rail only in the event that the main on the river-bed is broken by flood, and will be maintained on the bridge only long enough to allow the repair of the main below.

two local real estate deals of importance. A deed from A. J. Visel to W. A. Zimmerman for the northeast corner of Fourth and Sycamore streets, the lot measuring 57 by 50 feet, was recorded with a mortgage of \$27,500. A deed from C. G. Mansur to F. J. Miller for the twenty-acre walnut orchard at the west end of Santa Clara avenue was recorded with a \$9000 mortgage.

### Takes Him North

Rev. J. H. Scott, county probation officer and a deputy sheriff, left this night for San Quentin in charge of Chester Overton, sentenced to five years.

### Judgments Assigned

Today there were filed two assignments of judgments. One was the judgment of Harry Hughes against the Orange County Coal Mining Company, for \$840.50 and the other was the judgment of Alinsworth Lumber Company against the mining company for \$783.33. Both judgments are assigned to J. A. Cronkrite of Los Angeles.

### Criminal Cases

Yesterday afternoon C. R. Peabody, charged with a felonious assault upon a girl who was a student in his school, was in court and answer to arraignment was set for March 1 at 9:30. J. A. Gordon, charged with robbing a box car, is to answer at the same hour. Attorney Hartwick was appointed to defend Jesus Barella, charged with robbery.

### OPPORTUNITY!

Do you realize what it means? It is knocking at our doors. Shall we leave them closed?

Land investments in the Salt River Valley, Arizona, watered by the great Roosevelt Reservoir with a capacity of 1,300,000 acre feet. It is the largest dam in America furnishing water for over 240,000 acres of splendid land, which if it did not rain a drop for three years, would be sufficient to irrigate this vast area. Are we going to take advantage of the opportunity of acquiring some of this land, while the prices are low, or as many of us have done in the past, in a little while say (when prices have become high), if we had done so and so see what we might have owned.

A great deal of this land is under cultivation, in alfalfa that will yield from seven to ten tons per acre, and at present prices only a season's crop will nearly pay for the land. The soil is fine silt loam and the land is nearly level, just enough slope to make irrigation easy.

Alfalfa, wheat, barley, oats, corn of different varieties and sugar beets are the staple products of this valley.

Thousands of cattle are fattened here; also sheep and hogs. Many kinds of fruits do well. Also all kinds of berries.

We have given you only a brief idea of this valley, and would be glad to have you talk it over with us. We have the agency for these lands and have taken it only on our personal investigations of the same. We can describe it so that you will find it just as we represent. We have no desire to encourage people to go away from this country, only that we might be able to help them to get what they want. The government will furnish water for 160 acres only to any one person. The water is ditched to all this land by the government, and is ready for use now. We surely think this better than wasting time on undeveloped arid desert lands, when you have water, several railroads, street car service, good towns, a splendid home market, near the capital of the state with its many advantages. And one of the very best sections of country we have ever been able to secure an agency for. This land is selling fast, and prices are bound to advance. If you are interested it would be well to investigate as soon as possible in order to get the best possible price. We encourage your investigation of our methods, and solicit your patronage.

Respectfully,

### OUR BEST LITTLE OPTIMISTS

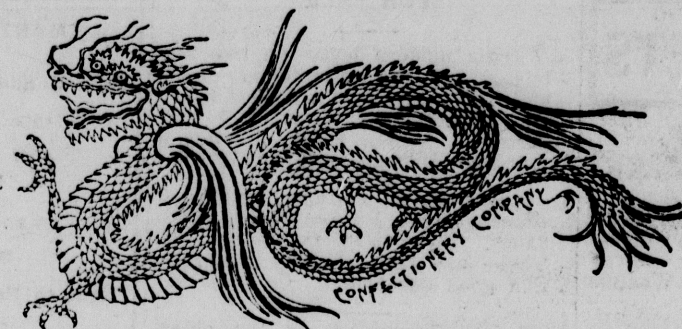

People of Australia and New Zealand Persist in Living Out Plans for Public Good

The people of sunny Australia and of misty New Zealand—the working people anyway—are persistent optimists. For 20 years they have been trying out one plan after another for the common good. The eight-hour day was an established institution over there before we thought of it, except as an ideal. State old-age and invalidity pensions have been paid for some years, and the first steps taken toward the establishment of a minimum wage based on the Australian standard of living. Postal savings banks, the most honest and sure life insurance have not driven capital out of the country, telegraph and telephone lines—and coal mines in New Zealand—has not convinced the capitalists that life is not worth living. Such paternalism as the furnishing of free transportation to men out of work and the loaning of money to enable those without means to take up public land have not only made valuable citizens of many who otherwise might have become wastrels, but have proved good investments. . . . They decided to enter politics and to secure by legislation the things most easily obtained in that manner, at the same time pressing forward, inch by inch, in the industrial field by means of the collective bargain, backed when needful by the strike and boycott. Thus was born the movement which, for the first time in history, has placed the wage earners in absolute control of the government of a nation.
